

How to evaluate training, workshops and / or & facilitation sessions

Why do we evaluate?

Planning your training / workshop / facilitation session with evaluation in mind

Differencing between formative and summative evaluation.

Examining the two most popular (in Ireland) evaluation techniques / framework Kirkpatrick four level of evaluation taxonomy and the Phillips ROI model.

Using the learning gleaned from these models to further enhance information future training /workshops /facilitation session(s).

Designing tools and techniques for evaluation.
